Knowledge and Experience Sharing Program through Elnusa Leader's Sharing & Action with UPN Veteran Yogyakarta

Jakarta, 31 August 2021 - PT Elnusa Tbk (Elnusa) - Leading energy service provider (stock code Issuer: ELSA) has just launched a new program called 'Elnusa Leader's Sharing & Action' (ELSA) as one of the Social and Environmental Responsibility Program in the field of education by sharing knowledge and experience with University Students. This event was a series of 52nd anniversary of Elnusa (28/08). Elsa program will be conducted on an ongoing basis in collaboration with universities in Indonesia. At Elsa's inaugural event with UPN Veteran Yogyakarta with the theme "EPC Job Education and Engineering at PT Elnusa Tbk" was conducted online with speakers of the Board of Directors and Senior Management of PT Elnusa Tbk and subsidiaries.

The majority of the participants' attendance came from students from the Faculty of Mineral Technology (FTM) UPN Veteran Yogyakarta which was one of the Earth Faculty in Indonesia. A total of 231 participants attended consisting of the Department of Geological Engineering, Mining Engineering, Petroleum Engineering, Environmental Engineering and Geophysical Engineering.

Dean of the Faculty of Mineral Technology (FTM) - Dr. Sutarto in the opening of the event expressed his gratitude for the implementation of this activity and hoped Elsa activities could bring many benefits and produced other positive cooperation in the future.

There are two speakers who presented in this sharing session, Vice President of EPC & Operations Maintenance, Eko Sudi Pramono who presented the first session about Elnusa Group's insights as a one stop service in the Oil and Gas Industry. The next session was presented by the President Director of PT Elnusa Fabrication Construction, Estadi Budiartman with material on the achievement of all Perwira Elnusa through 100% of Indonesian masterpiece who successfully built the Hydraulic Work over Unit (HWU) project as an activity to support the drilling of new wells and maintenance of wells both oil and gas and geothermal. The HWU unit was named Elnusa Hydraulic Rig (EHR) and the EHR Fabrication has reached the third generation.

"The masterpiece of Perwira Elnusa was created from the successful alignment of Elnusa Value with AKHLAK Value system. From the Top Management layer to the work culture of the company is committed to implementing so as to produce real work to the Company and also to the Nation, and hopefully the cooperation that has been established with the university will not stop. Elnusa can continue to contribute to the Campus and the Country," Estadi said.

After the presentation and Q&A session, the event concluded with a knowledge quiz about the material presented earlier and participants received an E-Certificate Elnusa Leader's Sharing & Action.
