Elnusa Reaches “Good Performance” Predicate for Safety Management Pertamina EP

Balikpapan, February 5, 2020 - PT Elnusa Tbk (Elnusa), a leading company providing energy services, has shown its good track record again through a series of achievements made from time to time. This time, Elnusa won a safety management award or Contractor Safety Management System (CSMS) with the title “good performance” from PT Pertamina EP for the work area in Asset 5 (PEP Asset 5). The award was given at the Vendor Engagement & QHSE Meeting which was held at the Grand Tjokro Hotel, Balikpapan, last Tuesday (4/01).

Elnusa's Head of Corporate Communications - Wahyu Irfan said "This award is Pertamina EP's appreciation for the commitment and good implementation of safety management implemented by Elnusa. This award is also proof that Elnusa not only prioritizes the quality of its services but also implements good work safety management. "

At present, Elnusa is providing various upstream oil and gas services at PEP Asset 5. The upstream oil and gas services provided include mud logging services, electric wireline logging perforating, data processing to other drilling support services. The working areas for these various services are spread across several areas, such as Bunyu, Tarakan, and Sembakung.

This award with the title of "good performance" is the second time that has been achieved. As a commitment to realizing zero accidents, Elnusa also signed a joint commitment. As proof of its commitment to providing innovative quality work, Elnusa also features high inhibitive water-based mud and rigless gravel pack technology that can support oil and gas production in PEP Asset 5. Through this innovation, Elnusa offers a more effective method of treating mature and efficient oil and gas wells. in terms of operating costs.

"We continue to be committed to providing the best total solution services. Synergize with the Pertamina group and others to participate in supporting the availability of domestic energy. With three core competencies, we believe we can provide the best oil and gas support services for this country, "Wahyu concluded. *
