PRESS RELEASE

Elnusa Achieve Best Corporate Secretary Awards 2023

Jakarta, 18 December 2023 - PT Elnusa Tbk won an award in the Best Corporate Secretary category at the 2023 Indonesia Best Corporate Secretary Awards held by The Iconomics. The award took place at Metropole XXI, Jakarta on (15/12).

The Indonesia Best Corporate Secretary Awards 2023 is an awards event organized by The Iconomics with the aim of giving appreciation to companies that have the best corporate governance practices and have a continuous distribution of information disclosure provided by the corporation. This event was attended by Elnusa Corporate Secretary Asmal Salam and his team.

This gain was assessed based on research and media monitoring carried out by the team from The Iconomics. The assessment of the media monitoring results carried out by The Iconomics team is measured using sentiment analysis indicators which include Total News, Total Sentiment Indicator, and Ratio Between News Sentiment Positive and Negative Indicator.

PT Elnusa Tbk was exposed through many reports in various media, both printed, electronic and online media, with the majority of sentiment being positive in the last year 2023.

Asmal Salam, as Corporate Secretary of PT Elnusa Tbk stated, "This award is clear evidence of PT Elnusa Tbk's commitment to maintaining information openness as well as the level of quality and transparency in corporate governance practices. The Corporate Secretary has a very vital role in supporting the company's sustainability, and "We will continue to improve the standards of our work processes," said Asmal Salam.

With this achievement, Elnusa is committed to continuing to accelerate its role in maintaining good corporate governance practices and will continue to strive to support the Company's success now and in the future.

About Elnusa (IDX: ELSA)

Elnusa is a subsidiary of PT Pertamina Hulu Energi (PHE) incorporated in Subholding Upstream Pertamina. As a total energy services solution company, Elnusa has core competencies in upstream oil and gas services, supporting services, and energy distribution and logistics services. The upstream oil and gas service line includes Geoscience & Reservoir services (land, transition zone & marine, and data processing), oil and gas field drilling & maintenance services (drilling & workover), engineering, procurement, construction & operation maintenance (EPC-OM) services.
