Inovasi ELNUSA Raih Dua Penghargaan di ajang ITEX 2023

Jakarta, 16 Mei 2023, PT Elnusa Tbk (ELNUSA) baru saja mendapatkan dua penghargaan sekaligus dalam ajang Internasional Invention, Innovation and Technology Exhibition (ITEX) yang digelar di Kuala Lumpur, Malaysia. Elnusa melalui PC Prove Transformers ELN meraih Silver Medal dan juga penghargaan Excellence Invention dari National Research Council Thailand.

Internasional Invention, Innovation and Technology Exhibition (ITEX) merupakan pameran sekaligus kompetisi inovasi terbesar dan tertua di Asia, yang telah berjalan sejak 1989 silam. Tahun ini merupakan penyelenggaraan yang ke-34 dengan mengusung tema "Asia's leading invention, innovation and technology expo". Lebih dari 730 inventor dari 19 negara berpartisipasi dan menampilkan inovasinya dalam acara ini.

Elnusa Hydraulic Rig - 14 (HWU-EHR#14), merupakan inovasi dari Perwira Elnusa dalam meningkatkan kapabilitas operasi workover sumur-sumur migas yang dapat bekerja di darat, lepas pantai, panas bumi, dan juga dapat digunakan sebagai Unit Kerja Hidrolik dan Pengeboran. Inovasi ini memiliki desain dan profil yang compact, dilengkapi dengan teknologi sistem akuisisi data *real time* dan material yang lebih ringan oleh Elnusa secara mandiri. EHR-14 memiliki keunggulan dalam beberapa aspek seperti kemudahan pengoperasian, kecepatan rig up dan rig down, serta berbagai perkembangan teknologi lainnya.

Direktur SDM & Umum Elnusa Tenny Elfrida, mengapresiasi seluruh kinerja dan inovasi yang dihasilkan oleh Perwira Elnusa. "Inovasi yang terus dilakukan oleh Perwira Elnusa menunjukkan bahwa Elnusa mampu untuk menjawab tantangan global dimana perkembangan teknologi terus berjalan."

Tenny menambahkan, "Selain kompetensi yang mumpuni, Perwira Elnusa juga mempunyai semangat inovasi yang tentunya akan memperluas kapasitas bisnis Elnusa ke depan, Saya mengapresiasi seluruh Perwira Elnusa yang berkontribusi dalam capaian membanggakan ini," tutup Tenny.

Sekilas Elnusa (IDX: ELSA)

Elnusa merupakan anak perusahaan PT Pertamina Hulu Energi (PHE) yang tergabung dalam Subholding Upstream Pertamina. Sebagai perusahaan solusi total jasa energy, Elnusa memiliki kompetensi inti pada jasa hulu migas, jasa penunjang dan jasa distribusi dan logistik energi. Lini jasa hulu migas meliputi jasa Geoscience & Reservoir (land, transition zone & marine serta data processing), jasa pengeboran & pemeliharaan lapangan migas (drilling & workover), jasa engineering, procurement, construction & operation maintenance (EPC-OM). Lini jasa penunjang meliputi jasa marine support, fabrikasi, hingga manajemen data. Lini jasa distribusi dan logistik energi meliputi jasa transportasi BBM, pengelolaan depot, hingga penjualan chemical. Saat ini, Elnusa melayani perusahaan migas nasional maupun internasional, antara lain Pertamina Group, British Petroleum, Conoco Phillips, Soco Exploration (Vietnam) Ltd dan lain-lain. Elnusa terdaftar pada Bursa Efek Indonesia dengan kode emiten 'ELSA' serta memiliki lima anak perusahaan yang mendukung kompetensinya. Informasi lebih lanjut dapat diakses pada www.elnusa.co.id

PRESS RELEASE

ELNUSA Innovation Wins Two Awards at the ITEX 2023 event

Jakarta, May 16 2023, PT Elnusa Tbk (ELNUSA) has just received two awards at the same time at the International Innovation, Innovation and Technology Exhibition (ITEX) which was held in Kuala Lumpur, Malaysia. Elnusa through PC Prove Transformers ELN won the Silver Medal and also the Excellence Invention award from the National Research Council of Thailand.

The International Innovation, Innovation and Technology Exhibition (ITEX) is the largest and oldest exhibition and innovation competition in Asia, which has been running since 1989. This year is the 34th event with the theme "Asia's leading invention, innovation and technology expo". More than 730 inventors from 19 countries participated and displayed their innovations in this event.

Elnusa Hydraulic Rig - 14 (HWU-EHR#14), is an innovation from Elnusa Officers in increasing the workover operation capability of oil and gas wells that can work on land, offshore, geothermal, and can also be used as a Hydraulic and Drilling Work Unit. This innovation has a compact design and profile, equipped with real-time data acquisition system technology and lighter materials by Elnusa independently. EHR-14 has advantages in several aspects such as ease of operation, rig up and rig down speed, as well as various other technological developments.

Elnusa HR & General Director Tenny Elfrida, appreciated all the performance and innovations produced by Elnusa Officers. "Innovations that are continuously carried out by Elnusa Officers show that Elnusa is able to answer global challenges where technological developments continue."

Tenny added, "Apart from qualified competence, Elnusa Officers also have a spirit of innovation which will certainly expand Elnusa's business capacity in the future. I appreciate all Elnusa Officers who have contributed to this proud achievement," concluded Tenny.

About Elnusa (IDX: ELSA)

Elnusa is a subsidiary of PT Pertamina Hulu Energi (PHE) incorporated in Subholding Upstream Pertamina. As a total energy services solution company, Elnusa has core competencies in upstream oil and gas services, supporting services, and energy distribution and logistics services. The upstream oil and gas service line includes Geoscience & Reservoir services (land, transition zone & marine, and data processing), oil and gas field drilling & maintenance services (drilling & workover), engineering, procurement, construction & operation maintenance (EPC-OM) services. Supporting service lines include marine support services, fabrication, to data management. The energy distribution and logistics service line includes fuel transportation services, depot management, and chemical sales. Currently, Elnusa serves national and international oil and gas companies, including Pertamina Group, British Petroleum, Conoco Phillips, Soco Exploration (Vietnam) Ltd, etc. Elnusa is listed on the Indonesia Stock Exchange with the issuer code 'ELSA' and has five subsidiaries that support its competence. Detail information can be accessed at www.elnusa.co.id.
